Flint Girl, 8, Dies In Travel Trailer Fire

Fire officials on Monday were attempting to determine the exact cause of an early morning fire Sunday that claimed the life of an eight-year old Flint girl.

The victim was identified by Crawford County Sheriff's deputies as Stacey Ann Price, 8, of Flint.

According to the police report, a Michigan State Police Fire Marshall was called in from Gaylord to assist in the investigation of the fire that was reported about 4:50 a.m. at a campsite located in Beaver Creek Township off old-27. Undersheriff Dean Goss said the trailer was completely destroyed but a six-year old brother of the victim, Raymond Price, was apparently awakened by flames and managed to escape with only minor burns.

Goss said the flames consumed the trailer so quickly that it was completely destroyed by the time firefighters from Grayling arrived at the scene.

Police say the victim and her brother were apparently asleep in the 16-foot trailer while their father, Ronald Dale Price, 34, occupied a vehicle parked nearby.

Goss said the flames apparently spread so rapidly that any attempt by the father to rescue the youngster were virtually impossible.

Investigation into what caused the fire to ignite in the early-morning hours is continuing.

County Sets Transportation Authority

By Joe Schrader

Action by the Grayling City Council June 1st to engage in an interlocal agreement with the Board of Commissioners and Grayling Township has officially set the wheels in motion to form a Transportation Authority in Crawford County.

According to Crawford County Public Transit Coordinator Chet Johnston, the umbrella treaty paves the way for more effective operation and control of all public transportation matters in the county, including Dial-A-Ride.

Grayling Township Supervisor Bernie Fowler addressed city council members June 1 on behalf of the township and county board, both of whom had passed earlier resolutions supporting the joint effort.

Johnston said the three governmental bodies had finally agreed on all language in the pact and were now awaiting final paperwork from the Michigan Public Transportation Commission. The agreement will be reviewed one more time here before it is submitted to the Attorney General and Governor for approval, Johnston said, an action in Lansing expected to take about six months.

Once the Authority is established, Johnston said all modes of public transportation in the county will fall under the control of the one governing body. This will include Dial-A-Ride, Grayling's McNamara Airport, rail and bus service, rent-a-car operations, etc. Those immediately affected would be C.C.P.T. and the airport.

It is expected the Authority will be controlled by a Board of Directors, probably five, Johnston indicated, relieving the Board of Commissioners from the day to day responsibility of public transit. Members will be appointed by the governing bodies entering into the agreement.

Transportation matters will be the sole concern of the transit board, although the panel See Authority on Page 2

RECEIVES CERTIFICATE—Jim Carmean, 42 (left), Dial-A-Ride driver, received a Certificate of appreciation from the County Board of Commissioners, presented by Chairperson Jeannette Kitchen, last week for his quick-thinking response to an emergency situation while working. "He displayed a great presence of mind when faced with the unexpected," said Kitchen. C.C.P.T. Transportation Coordinator, Chet Johnston, observes the presentation.

Carmean, while driving a CCPT bus, saw an area person on the ground, quickly determined the matter was serious, radioed for assistance, and administered cardio-pulmonary resuscitation until an ambulance arrived. All Crawford County Public Transit Employees had recently completed the CPR and American Standard Red Cross courses required of all CCPT employees. He joined the local transit service in May of 1979.

Chet Johnston, Transportation Coordinator, said, "We are all proud of Jim and his rapid reaction. Of course all of our drivers are trained to respond correctly, and it is reassuring to know if an occasion should arise they know what to do." (Joe Schrader photo)

Dial-A-Ride Adjusts Fare Schedule

A fare increase, effective July 1, will be put into effect by Crawford County Public Transit (Dial-A-Ride), according to a joint announcement by the Crawford County Board of Commissioners and Transportation Coordinator Chet Johnston. "While we haven't been able to obtain all Michigan community rates, we have a pretty good indication that we may well be the lowest in the entire State," he stated.

He added that new rate schedules being obtained from other areas show similar or greater increases. "It is quite

possible that Crawford County Public Transit will still offer the lowest fare per person per mile of any system in the State."

Bottom Learning Line: "Mediocrity"

Board Ponders School Cutbacks

By Joe Schrader

Potential cuts in school programs and personnel reductions were outlined by Supt. Bill Diedrich Monday night, an announcement that startled board members and left a larger-than-usual group of spectators sitting in stunned silence.

Many in the audience were school employees who heard their jobs being methodically eliminated as Diedrich reviewed 33 possible moves that would chop over \$700,000 from next year's operating budget. Consideration of the plan was made necessary by last week's voter turnout of the 5.70 added operating millage.

In a prefacing remark, Diedrich said implementation of the plan would mean that Crawford-AuSable students would receive only a "mediocre" education here at best. He said elimination of any one of the 33 services being considered would result in parents complaining to the board regularly about reduced programs.

Referring to preparation of the potential cut list, Diedrich said, "It was one of the most painful tasks I have had to do in my administrative career. We will not have quality education if these cuts are made—we will not even have a mediocre educational program."

No decision to implement the austerity plan was made Monday night. Rather the Board agreed to follow a recommendation by Diedrich to form citizen groups to study the financial plight of the district with an eye toward a possible second millage vote in late August.

The recommendation follows a carefully laid time frame that lays the groundwork for an election on August 31, just before school is scheduled to begin, that is if the citizen group can develop a proposal the Board agrees is compatible with the community.

Although the Board agreed finally to move ahead with the recommendation, it was met initially with some mixed reaction from individual members, notably Mary Allen, who said the Board "would be spinning its wheels" to go to the public for help considering what happened on the middle school construction program.

But Board President Kathy Burkley summed up the overall sentiment of the group when she said, "I don't see where we have any choice at this point." (See It's News Here.)

Full text of the potential program/services list will appear in next week's Avalanche, but following are some of the key items Diedrich offered for board consideration:

- Reduction in transportation services by eliminating non-mandated routes such as Roberts Rd. Subdivision, Clough Subdivision, Southside. Lengthen distance between bus

stops, reverse afternoon transportation pickups. (\$75,000)

- Reduce building/maintenance projects at the Central Office, high school, middle school, Grayling and Frederic Elementaries. (\$51,500)

- Reduce hours of hourly personnel (secretarial-custodial-maintenance-teacher aides). (\$29,788)

- Reduce teaching supplies/materials by up to 50%. (\$26,735)

- Eliminate library aide positions at all schools. (\$20,574)

- Reduce counseling services at middle and high school. (\$33,047)

- Eliminate all vocational ed programs like building trades, stenographic lab, shared-See Cutbacks on Page 2

Deputies Probe Week-Long Crime Spree

By Joe Schrader

Deputies are investigating a crime spree last week that included larcenies from five McIntyre Landing campsites and a series of breaking and enterings at cabins along Wilderness Trail in both Grayling and South Branch Townships.

According to deputies, miscellaneous camping equipment and alcoholic beverages were taken from five campsites being occupied by John Proper of Roscommon, Matt Rodriguez of Alma, Susan Smith, John St. Clair and Russell Mudge, all of Grayling. Deputies are investigating the thefts, which were reported last Wednesday about mid-morning.

Deputies are continuing their probe into a breaking and entering spree east of Grayling in the Wilderness Trail area along the AuSable mainstream. Seven larcenies were reported, and malicious destruction occurred when thieves attempted to break into a garage owned by Herbert Grath of Royal Oak.

Other victims included Tony Rasch of Millington, who had two cabins entered, and John Daggendorf of Mt. Morris, whose cabin was also burglarized. A trailer owned by William Day on Wilderness Trail was pilfered, firewood was stolen from Lewis Cass of Troy, and vandals destroyed two outdoor recreation vehicles in a garage along the trail. Damage in the latter incident was tabbed at \$300.

Deputies are also investigating nine reported incidents of malicious destruction and other scattered breaking

and entering complaints, including a report from Camp Grayling where the main PX was entered sometime late Tuesday night. Thieves made off with a router, saber saw and miscellaneous other property from a residence owned by Daniel Cline of Midland, the incident reported Saturday. Entrance was gained by breaking a window.

Evidence collected at the scene of malicious destruction to a military tower off Headquarters Rd. was turned over to the Michigan State Police Crime Lab in Grayling for analysis. Damage to the tower, reported by Lt./Col. Norman Schmoock, was estimated at \$500.

Assorted tools were stolen from a building on Shannon Road owned by Kenneth Larson of Wyandotte on Saturday, a mailbox was pilfered from the George Boyse residence on Skyline Rd. and the rear win-

From Our Corner ...

Something big will be going on in Grayling this Saturday...the annual Mercy Hospital Auction will run all day from 9:00 a.m. til 9:00 p.m. and originates from the North Wing at the hospital...our readers can prepare themselves by reading the full page advertisement in this issue that lists all of the items that will be up for bids, and the position they will be named on the auction block...the auction will be aired on WGRY and WQON...don't miss it, it has been a success for the past couple years...the Phone number to call is 348-2823, and all proceeds go to medical equipment for Mercy Hospital, and your purchase is deductible...

Evidently there are some people who don't read our column, there are probably many, anyhow, there were two this past week that wrote letters to the editor, and were against some of the by-laws pertaining letters to be published...first we received a letter from a person that did sign his name, but the contents of the letter were strictly libelous had we printed it, one cannot name names in any squabble they may have with another person...the best place for these kinds of letters is to contact an attorney, and go through the courts...the other letter received Sunday afternoon, two days past our Friday noon deadline for letters to be published or considered for publication...if the Pine Stump would come in and sign his name we will be happy to publish his efforts...this one we figured should know better...

Idle thought...isn't this weather lately just wonderful...now if we could have this the year around, maybe we wouldn't have to make so many mail changes in the fall as our neighbors would be staying up here...now that is really called pipe-dreaming.

Don't forget Fathers Day this Sunday, June 21st...

The extra millage the Crawford AuSable Board of Education sought in the election last week that was soundly defeated tells all that the people are fed up with taxes, this includes all the school districts that surround our county...where the answer will come from is unknown to us...this Monday night, the board was to decide if they will call for another election for the extra millage, or if they will go ahead with the 17.90 mills that the populace gave an ok for, and start cutting the functions of the entire school system...for our corner, it is going to be interesting if cuts are made, to see how next year's school involvement affects the community way of life people have become used to...

Don't forget Fathers Day this Sunday, June 21st...

Monday was a day the ol' fella should of stayed in bed and just not report to the office...before we had even had our second cup of coffee one of our readers came in and told us we were hurting our younger generations' readership with our misuse of the English language...it was in connection with our writing about Jack Alef and Bill Joseph for two weeks in a row and how we phrased it...problem is, we don't know if I comes before me except after you...is similar to the i before e except after c...we accept the criticism...problem is the column is mostly for ramblings, and not to be judged by English majors...

Now that the Monday afternoon electrical storm has passed through, hopefully, it looks like we will be sitting on wet benches after we get home following a trip to the hospital to visit ol' Arnie, Chief of the Shoppenagons' tribe...there are some people who will do anything to get a few days off...

This does in this turkey for this week...goodnight T.J., Stef and Amber, and to everyone, have a nice Fathers Day weekend...

The Bible Speaks

—From Calvary Baptist Church—

Paul's Introduction

Prayer

Romans 1:8-12

Paul begins prayer with thanksgiving to God for His faithful saints at Rome who have been faithful witnesses around the World, of their Christian Faith. "First, I thank my God through Jesus Christ for you all, that your faith is spoken of throughout the whole." Romans 1:8. How thankful we should be for Christians whose testimonies go around the known world. Strong faith bears effective witness.

Paul fulfilled a necessary obligation to the church at Rome by faithfully remembering them in his regular prayers. "For God is my witness, whom I serve with my spirit in the gospel of His Son, that without ceasing I make mention of you always in my prayers." Romans 1:9. The effectiveness of any local church is in proportion to the prayers which enter God's presence for that local church.

Paul prayed that he might

have an opportunity to travel to Rome to visit the church. Paul was concerned that his ministry would be in God's will. "Making request, if by any means now at length I might have a prosperous journey by the will of God to come unto you." Romans 1:10.

Paul prayed that he might be enabled to strengthen, edify or establish the church of Rome by "some spiritual gift." Special spiritual gifts of the Holy Spirit like miracles, healing, prophecy, tongues and interpretation of tongues were given to the weak early churches to strengthen them in the faith until the completed New Testament revelation of the Bible was completed. The Corinthians had the weakest church in the New Testament. They had divisions, chapter 1, carnal Christians, chapter 3, some were puffed up, chapter 4, they had terrible sex sins among themselves, chapter 5, they were suing each other in court, chapter 6, They had marriage problems, chapter 7, they had problems with idol worship, chapter 10, they were getting drunk at the Lord's table, chapter 11, and they had all kinds of problems with spiritual gifts, chapters 12, 13 and 14. Paul said of them, "...ye come behind in no gift; waiting for the coming of our Lord Jesus Christ." 1 Cor 1:7.

Because they were the weakest, most immature, less spiritual, problem filled church, God had given them all the spiritual gifts to establish them. Spiritual gifts in a church are not a sign of a spiritual church, but a weak, baby church which cannot depend solely upon the Bible. "For I long to see you, that I may impart unto you some spiritual gift, to the end ye may be established." Rom 1:11.

Finally, Paul prayed to go to Rome that he might share with the believers there in the comfort of their fellowship and mutual faith. "That is, that I may be comforted together with you by the mutual faith both of you and me." Romans 1:12.

Many churches today have greater problems than those found in the early churches. We need to pray for all the churches since the churches are basically people with needs who are

"Our claims service is fast, fair and nationwide."

"We represent Auto-Owners because of the fast, efficient service they give our customers."

"A lot of people are surprised to find our claims people bring their checkbooks with them...so they can pay a claim right on the spot."

Auto-Owners Insurance
is for auto owners, too.

sometimes misled, often confused and often suffering. We need to pray that God will bring them to Himself and a "mutual faith" in His Word. It is the relationship people have with Jesus Christ and His Word that determines their eternal destiny, not their church affiliation. (adv.)

Roscommon Arts Festival Taking Shape

Summer is here, and soon also will be the First Annual Roscommon Arts Festival, slated for Saturday, July 11, from 9:30 a.m. to 6:30 p.m.

The Festival is replacing 'Art-in-the-Park', previously held at Wallace Park for the past 11 years. Part of the Festival will take place at the Park, but it will continue onto the streets of Roscommon. The RCMS-Arts Council and the Roscommon Business Association are joining to sponsor this event.

Two Art Fairs are planned for the day; on the sidewalks of Roscommon will be a non-juried show featuring hand-crafted items by some 40 craftsmen and artists. Hand-tied files, dolls, wood products, quilted items, drawings, paintings, china painting and demonstrations are some of the works included in this show.

Wallace Park on the AuSable River will be the site of the juried Art Show, where approximately 40 artists will be exhibiting their talents in the forms of painting, drawing, photography, jewelry, weaving, basketry, sculpture, wood-working and glassworking. These artists are competing for awards, as well as selling and exhibiting their art work. The judge is from a museum in Northern Michigan, and is very excited about the Art Festival and its recent growth.

In conjunction with the Art Festival, several community groups will be involved, bringing theatre performances for children, musical performances and sing-alongs, food and beverage booths and sales, and sales and displays by the Kirtland Garden Club, AAUW, and the Mid-Michigan Writers, to name only a few. An Information Booth will be located on the main four corners where maps and schedules will be available. There is no admission charge to the Arts Festival.

The Business Assoc. Arts Council, and many participating groups and artists hope YOU, YOUR FAMILY, and YOUR FRIENDS will join them for the fun and entertainment July 11. There are still hopes for a community square dance to add to the festivities. Even if you are unable to attend, pray for clear skies!

Anyone requesting more information or wishing to get in on the fun by sponsoring an event should contact Julie Byron at 821-5890, or write to the RCMS-Arts Council, P.O. Box 88, Roscommon, MI. 48653.

Brush-Wear

When the brushes on your vacuum cleaner wear out; replace them. Wornout brushes won't pick up dirt.

Art Fair at Traverse City June 27th

TRaverse CITY—On Saturday, June 27, the sixty artists invited to participate in the annual Logan's Landing Art Fair will gather there along the banks of the Boardman River to display their works. The fair, sponsored by the Logan's Landing Association, will be open from 10 a.m. until 8 p.m. and is open to the public, free of charge.

On display will be stoneware pottery, paintings, stained glass, sculpture, wood carvings, jewelry, weaving, photography, pewter ware, batiks, silk screen prints and dulcimer making. Many of the exhibitors will be demonstrating their craft.

Logan's Landing itself is a beautiful complex of shops which have been designed to maintain a distinct harmony with nature. There are flocks of geese, swans and ducks which nest on the banks of the Boardman River and often are seen window-shopping among the shoppers. The Landing also features a fine restaurant which will be open all day.

The Logan's Landing Association is hoping for a fine sunny day on June 27th for this annual event, but in case of rain the fair will go under cover along the covered walkways and footbridge, and in the shops of Logan's Landing.

Legislature Agonizes Over Detroit Tax Hike

Warren M. Hoyt, Executive Director, MPA

Oh, how it must hurt for a member of the Legislature to vote to a tax increase, any tax increase.

This was very evident during last week's maneuvering to get the necessary majority vote in the House and Senate to give the approval to the City of Detroit to raise its resident and non-resident income tax by one percent each.

It was difficult for members even though the citizens of Detroit would make the ultimate decision on the tax during a special June 23 election.

The highly controversial city income tax increase for both residents and non-resident commuters narrowly passed in the House and after seven hours of wrangling, and three separate votes, the Senate was able to put the 20 votes together to approve the tax.

However, the Senate, in reality only put up 19 votes, but due to a 19-19 tie (something that happens very seldom with everyone present and voting), Lieutenant Governor James Brickley cast the tie-breaking vote and cleared the way for the city voters to decide.

The tax package was designed by Detroit Mayor Coleman Young and a blue-ribbon group of Detroit business, labor and civic leaders to allow the city to help itself out of its current fiscal crisis.

The House debate on the income tax bill often became bitter with overtones of black vs. white and city vs. suburban and city vs. outstate.

Nerves were on edge during the entire legislative process with Mayor Young calling Governor William G. Milliken and legislative leaders nearly every name in the book after early efforts for passage broke down.

After that outbreak, Young was kept away from Lansing by his advisors.

After the House vote, House Minority Leader William Bryant of Grosse Pointe got it from both sides. He was criticized by members of his own party for not opposing the bill enough and then by the Democratic leadership for not leading his own caucus in delivering enough Republican votes.

The tone of the Senate session, which was devoted entirely to the Detroit problem, was set early when opponents did everything within their power to derail the bill.

Similar black/white, city/suburban and city/outstate rivalries developed.

The Senate also had problems getting votes due to the belief that anyone voting for the package increase bill would not have any successes running for statewide office in the future.

Four members have announced their candidacies for governor. They are Democrats Edward Pierce of Ann Arbor, Gary Corbin of Clio, Kerry Kammer of Pontiac and David Plawacki of Dearborn Heights. Only Pierce ultimately voted for the tax hike.

Incidentally, Brickley is also chomping at the bit to run for the Republican nomination should Milliken decide not to seek re-election. However, he was able to set aside that desire and cast the deciding vote when called upon.

With the problems experienced by the current legislature in voting to allow Detroit to impose an additional city income tax, the people of the state of Michigan would be in real trouble should conditions ever warrant the necessity of raising any tax on citizens of the entire state.

Dear Sir:

I realize it's hard for people now days and our taxes being so high. I feel our future for this county is in our children and why do important things to them have to be taken away because of our taxes.

If they have music, sports, and activities, along with their subjects, it makes school so much more interesting to them.

If children are kept busy and learning, they usually are good children and good citizens.

I think our problems - lie in Lansing.

Betty Gravelyn

NMC Graduates

Frederic News

By Eva Hulbert

Mr. and Mrs. Kenneth Allen attended the High School Graduation of their granddaughter Denise, daughter of Dale and Dorine Allen of Lansing on Wednesday and her open house on Saturday.

Mr. and Mrs. Evert Brauber from Sumner, were visitors to their niece Tom and Rose Taylor.

Tom and Ann Denno and family spent a couple of days camping out in West Branch, while Tom worked so he could save some driving. Had a nice time.

Mr. and Mrs. Walter Desnoyers and myself had surprise visitors from Ottawa, Canada, Mr. and Mrs. Roland Jolicouer, baby sister of Mrs. Desnoyers. We had a great time talking of old times and enjoyed the lovely wedding pictures and slides of their daughter's marriage and seeing her other brothers and sisters. We grew up together as sisters, being I was just two months older than her. Also seen her great niece Ann Denno and family. And picked up souvenir at the AuSable Woodworking Co., here in Frederic. Also Shelia and son Shane from Filton were surprise visitors.

Frederic Fire Department reports 3 Ambulance runs and no fires, we do need rain so lets be careful.

Thoughts and good health to Bessie Pratt, Shirley Bordeaux, Greg Bindschattel and Bill Adkins, also Henry Smith.

Good News, the Library will not be closed after all. So happy reading!

Timberview Village held their 4th Annual Adult Foster Care Croquet Tournament, Thursday, June 11 in the Frederic Park. Then for a delicious supper held at St. Mary's Hall in Grayling. Also awards were handed out. Mr. and Mrs. Harold Mertes received a lovely plaque. Cynthia Sparks from RSVP and later Senator Mitch Irwin. Truly yours had a great time and working with Ann Armstrong and her children Rick and Sally and Nancy Schornack, Rosemary Williams, Mike Walls, Angela Howe, Brenda Brown, Arlene Musakka and her children Linda and Louie. I was very proud of the young help we had. In fact it was the most beautiful team work from everyone and guests helping each other and serving us when we would take a break. Also dancing to the music from Mark of Houghton Lake. Thanks to Barb and Marge for having something like this in our community.

Anyone wishing to have news in can call Eva 348-9477 or Ann Denno 348-8747. I had hoped to have the graduates named this week, but didn't get it done in time and then I'm not sure who may be new here in Frederic and Maple Forest, hope you contact me. Thank you.

In Memory of

Jackie Mathewson

God has blessed me with fond memories of my daughter Jacquelyn, who passed away June 19, 1956. Time eases the pain, until we meet again.

Bits O'Talk

by Fay Bovee

George and Anna Granger spent a most enjoyable time in Lakeview and East Lansing last week. They stayed in Lakeview with a longtime friend and former fraternity brother and his wife, Mr. and Mrs. Wallace Peterson, and on Friday attended the anniversary of the 50th year of George's graduation from Michigan State. About 120 members of the original class of 430 were on hand Friday morning to be inducted into the Patriarchs, which are 50-year alumni of MSU, at the luncheon and activities at the Kellogg Center. They were taken on a tour of the campus and returned to the Center for the evening banquet and festivities. Twelve of his classmates in engineering school were there. Their badges contained their original graduation picture.

On their return, the Grangers stopped in Cadillac to visit his son, George Granger, Jr. and wife, Shirley. Shirley is leaving for the Netherlands to visit their daughter for five weeks. George will go later to spend ten days and they will return together.

Max Tobin of Boca Raton, Florida, came for the graduation of his sister, Pam Tobin, and remained for a week to visit friends and relatives.

Mr. and Mrs. Jerry Carver of Lincoln Park spent the weekend with her parents, Mr. and Mrs. Gordon Pond. Also visiting for the weekend were Candy's brother and wife, Mr. and Mrs. Larry Pond, who spent their time at their cottage at Cub Lake.

Mike and Debbie Bendig and baby daughter, Leigh Anne, have moved to Killeen, Texas. He is stationed at Ft. Hood. Their address is 4003 Zephyr Drive, Apt. C, Killeen, Texas 76544.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

This month marks the 15th year that I have been stationed at the Hartwick Pines State Park and while it does not seem like that much time has passed, all I need do is look at several trees near the Interpretive Center to realize that a fair number of seasons have come and gone. Pines, especially the Red and White Pines, produce a whorl of branches each year. By counting spaces between the whorls, you can get a good idea of how old the tree is. This method is not fall-proof, but on pines to around fifty feet tall, it works pretty well. Those trees I mentioned earlier were only eight feet or so tall fifteen years ago; now they are easily crowding twenty-five feet.

The trees are not the only thing changing. Fifteen years ago, twelve school groups scheduled my time for a guided hike or tour, as some call a walk through the Pines. In 1980, one hundred groups scheduled time for a tour. These groups range in age from first graders to a group of school teachers and, needless to say, the method of presentation has to change with each age level. It gets rather interesting when changing from a group of first graders to adults in the course of one day.

The amount of material available on logging seems to have increased also, making it easier to add more variety to the story of our Michigan loggers. As I have said before, a guided tour is more than just a walk through the Tall Timber; it is a journey into yesterday.

I have been asked if it doesn't get boring to tell virtually the same story over and over. The answer is no, since each group is new and thus they deserve a fresh telling of the logging story. The enthusiasm of each group is one thing which has not changed over the years, so perhaps that is why I still like my job after all this time and why I look forward to each group's visit.

Did You Know?

Did you know that there are approximately 225 one-parent children between the age 6 to 16 in Crawford County?

Did you know that this number is sadly increasing every year?

Did you know that with this large increase in one-parent homes, more and more young people are lacking adequate adult companionship?

Did you know that some of these children need counseling but most just need a caring individual to talk with?

Your Crawford County Sibs for Kids program knows! We are doing our best to fill the needs of the one-parent family child.

Please help us to help others by sending a tax deductible gift to your local Sibs for Kids Program, West M-72, P.O. Box 311, Grayling.

Better yet, give the most precious gift of all, volunteer yourself. A child in our community needs you!!!

Last Chance

Thursday evening, June 18, from 6:30-8:30 p.m., is the last chance prior to fall orientation and the fall school year that you will have to stop by and see The Grayling Cooperative Nursery School. All parents of 3 and 4 year olds, are invited to the last open house to meet the Nursery School's Executive Committee, the teacher, and have any questions regarding the Co-Op Nursery answered. We also invite any interested community members to stop by for a cup of coffee and see what your only community Cooperative Nursery School does for the preschool children of Crawford County.

The Grayling Cooperative Nursery School is a State licensed non-profit organization. Classes for 4 year olds are on Monday, Wednesday, and Friday, 9:00-11:15 a.m.; for 3 year olds, on Tuesday and Thursday from 9:00-11:15 a.m. All classes are under the guidance of a trained, experienced, certified teacher and allow children an opportunity for learning, peer group experience, and creative outlets. The Co-Op Nursery gives parents a chance to

acquire more knowledge about the behavior and abilities of pre-school children and to meet other parents with children of the same age.

If your child will be attending The Co-Op Nursery in the fall the open house allows your child an opportunity to become acquainted with his or her new school. If you or someone you know is interested in enrolling a child for the 1981-82 school year, registrations will be taken at this time.

We look forward to seeing you, Thursday, June 18, sometime between 6:30 and 8:30 at The Grayling Cooperative Nursery School, on Plum Street, next to the elementary school.

Our energy-conscious world can learn an important lesson from the candle that flickers out. The problem is not that its fuel is all gone. The fuel has been dissipated so it is no longer in a usable state.

The flickering candle conveys a religious lesson, too. Some of us burn out spiritually. Not because we lack God-given resources. Because we let those

resources dissolve in a hodgepodge of confusion and doubt.

The ancient Psalmist called God's Word a lamp for his feet and a light for his path.

Keep close to your church or synagogue and its teaching. The spiritual resources we constantly renew cannot melt away.

Strolling Around Town

By Fay Bovee

The bouquet of the week goes to Kerry and Jeannie Harwood who have really been hard at work tearing down a huge board fence and disposing a lot of junk on a couple of lots on the South Side. A great improvement! They've cleaned out the barn, I believe, for storage or rent and are fixing up the old house for two apartments. A lot of our young people do care about fixing things up.

On Michigan Avenue, the Earl Whaleys are tearing off the old porch to rebuild and next door we heard sounds of building also. On Peninsular the Charlie Long's have a new side entrance. On the business loop, the Golden Touch has been re-stained and is displaying a new sign. Very attractive and Bert's old barber shop now houses Shear Magic, owned by Shelley Fick and done in a pretty shade of blue even to the old tin walls which are now very much in vogue. The Bud Ostrowskis on Chestnut have really improved the looks of the old Granger house by completely re-doing the front porch with attractive windows and landscaping outside.

Flowers are springing up everywhere, on front porches, planters, etc. at Matson's Adult Foster Home, Mrs. Gorney's on Chestnut St., the Bill Weavers on Peninsular. Jim Jorgenson on Maple St. took down an old dead pine with the help of his neighbor, Wes Kumpula. Wes was busy trimming his grass, which is always nicely mowed.

Par For The Course

By Fay Bovee

Another rained out Wednesday! (Whitey, as long as you're not playing golf on Wednesday anymore, why do you still let it rain that day?). A short business meeting was held presided over by President Edie Blaha. The women had planned the petunias around the clubhouse the previous Wednesday, it was reported. Ricky Stahl reported on her favors for Gaylord Day, which has been changed to July 29. Shirley Bendig also spoke briefly on scoring. Flight A served a delicious potluck lunch.

Next Sunday Golf Party is scheduled for June 28 - watch the bulletin board.

The Monday Night Women were also rained out! However there are three messages for the women, first, the roster sheet may be picked up at the club; second, next week, June 22, will be a potluck; and third, golf will be played according to the June 15th schedule.
